As the COVID-19 environment dictates so many things around, safety remains to be our top priority. INNOVA Medical's top priority is safety of your facility, the staff and patients, along with the safety of our own team members. An added layer of safety measure is to screen each site before an INNOVA team member is scheduled for a site visit. INNOVA Medical is relying on the accuracy of your response to ensure a safe environment for all.

## Covid-19 Pre-screening

1. Does anyone from your office have any of the following new, or worsening symptoms or signs?

(New or Worsening cough – Shortness of breath – Sore throat – Runny nose – Sneezing - Nasal congestion – Hoarse voice – Difficulty swallowing – New smell or taste disorders – Nausea – Vomiting – Diarrhea - Abdominal pain - Fatigue)
